

Year 3 Learning Note

Friday 6th February 2019

This week... we have created our Potters Bar information leaflets; they all looked very impressive. In maths, we have been adding and subtracting using three digit numbers. We have learnt the vocabulary to be able to describe our families in French and also discussed asking permission and questions when we are not sure about something when we are using the internet. This is part of Safer Internet Day.

Reading

Reading for pleasure is very important and we would like you to take the opportunity to read whenever you can. Remember to get you parents to sign your reading records over the weekend if they hear or see you reading.

This week we have been reading:

- The Accidental Prime Minister (class book)
- My mum and dad make me laugh

Spellings

Here are your spellings for next week. We are looking at words from the statutory list. You will be tested on Friday morning. We will also be practising these words in class.

1. bicycle
2. describe
3. famous
4. history
5. length
6. February

Times Tables

Times tables have already been sent home in your reading records. Keep practising using TTRockstars too!

Next week... We will be writing informal letters to the children in our Reception class in English. In maths, we will be looking at decomposing three digit numbers using flexible partitioning. At the end of the week, we will learn to count to 10 using Chinese hand symbols. This will help to reinforce number bonds as well as building addition and subtraction skills. We will be learning about parables in RE and we will also find out about the history of the Union flag in topic.

Have a super weekend,

Mrs Easey and Mrs Kilpatrick
