

This week... in English, we wrote our own stories based on the film clip 'Zahra' and changed either the character, setting or both. In Maths we focused on word problems and using multiplication and division to solve them. In topic continued to create our own moving picture books to share our reports and we are now nearly finished. We had a wonderful time at sports day taking part in lots of different events and practising various sporting skills. We also went out and played some parachute games in our forest school session.

Reading

We only have a couple of weeks left at school and it would be lovely to see you continuing your enthusiasm for reading right until the end of term. Keep it up!

Spellings

Next week we will be looking at different common exception words.

For example:

water	parents	fast
break	money	everybody

Times Tables

Keep practising all of your times tables and let me know if you want any more added to challenge you even more!

Next week... in English we will be doing some poetry work and thinking about performance poetry and using similes. In Maths we will be revisiting fractions for the final time with a focus on finding fractions of amounts. In Topic, we will be learning about Amy Johnson in preparation for our trip to De Havilland Airfield. We also have our final fun swimming session.

We would also like to invite parents in to see how hard we have been working on our own moving picture books on Friday 12th July at 2.30pm. We hope parents can make it to help us celebrate our learning.

Reminders...

- Please ensure your child has their swimming hat and don't send in shower gel or shampoo – the children do not need to use this.
- Please send back your trip letters as soon as you can.

A note from Mr Cahill: *Thank you all for making my time at Wroxham so much fun. It has been a pleasure teaching you all and I will hopefully be back soon to see you all. Thank you also to the parents for the very kind gift!*

Have a wonderful weekend!

Mrs Williams and the Year 2 team
